

COLONIES AID IN BRITISH ELECTION.

Chamberlain and Forty-two Other Government Members Re-elected to Parliament.

LONDON, Sept. 29.—One hundred and sixteen members, returning one-fourth of the membership of the House of Commons, made their nominations to-day.

Up to 1 o'clock this afternoon fifty-eight members had been elected unopposed, comprising forty-three Conservatives, eight Unionists, five Liberals and two Nationalists.

Among the interesting personalities on the Government side returned to-day without opposition were Joseph Chamberlain, the Secretary of State for the Colonies, by reason of the aggressive tone of all his speeches, is the object of many bitter personal attacks. Some of his enemies have declared him to be politically dishonest, and even go further than that.

Winston Churchill, in Oldham, has been so vigorously attacked that Gen. Sir Evelyn Wood, the Adjutant-General, had come to his assistance with a letter declaring there was nothing discreditable connected with his resignation from the army, and vouching for the correctness of Churchill's dual role of officer and correspondent.

Some of the Liberals of Oldham apparently make more serious accusations against the young candidate, but, like his father, Churchill seems to revel in a fight and is said to stand a good chance of being elected.

Church associations are figuring actively in the campaign. The Imperial Protestant Federation has received promises from thirty-two candidates to oppose to the utmost any movement tending to bring England and the Vatican closer together or toward "Romanizing" the Established Church.

On the other hand, the leading Roman Catholic papers almost unanimously support the Conservatives, believing that if they are returned with a solid majority they will achieve the project of giving Ireland a Catholic University, and in other ways see the educational interests of Catholics in England do not suffer.

Dr. T. De Witt Talmage has returned to London after an extended trip through Europe, from which he has benefited considerably. He preaches in Wesley's old chapel, London, to-morrow, and then goes to Ireland. There he will address meetings at Belfast and Dublin, whence he returns to the United States.

Paris Bank Fails to Meet Bills Due for Arms Purchased by the Government.

LIMA, Peru, Sept. 29.—Advice received here show that one of the Paris houses on which ex-Minister of Finance Velasquez drew for about \$50,000 francs, to be used in part payment for arms purchased in Belgium, has failed to meet the first bill due, and cannot meet the others maturing yesterday. The Ministers of Finance and War have resigned their portfolios, and the Cabinet is still incomplete.

EVENING WORLD'S SUCCESSFUL CRUSADE AGAINST SOFT COAL.

BEFORE and AFTER.

THE EDISON SMOKESTACK IN FULL BLAST THURSDAY. THE EDISON SMOKESTACK WITHOUT THE SMOKE YESTERDAY.

The crusade begun by The Evening

World against the burners of soft coal

resumed yesterday in the arrest of several of the principal offenders.

To-day the air is clearer, thanks to the efforts of The Evening World and President Murphy, of the Board of Health.

Although all Thursday the big chimney

of the Edison Illuminating Company, at Duane and Elm streets belched forth

black volumes of the dense black soot,

a decided change took place yesterday.

In court next Tuesday.

"I am determined to put a stop to this nuisance," President Murphy declared yesterday. "If it takes all the men in

my department and the entire police force to get the evidence."

This sudden change was due to the action of President Murphy in causing the arrest of the assistant superintendent of the company for violating the ordinance relating to the use of soft coal. The assistant superintendent, William S. Donahue, is to have his day in court next Tuesday.

"I am determined to put a stop to this

nuisance," President Murphy declared yesterday. "If it takes all the men in

my department and the entire police force to get the evidence."

President Murphy will be assisted in the effort to suppress the nuisance by the District Attorney's office and the courts. From the windows of District Attorney Gardner's office in the Criminal Court Building photographs were taken a few days ago of clouds of black smoke issuing from the neighboring factories and office buildings.
